

## Goods And Services Inventory (GASI) – Modified for Mexico Data Collection

**Directions:**

1. Count how many of each of the following goods or services are on the street segment. Do not count any good or service more than one time.
2. Write that count number in the provided space in the “Count” column.  
 Note: Each good and service being counted needs to have an address on the street that is being assessed (ie: a restaurant on the corner of Main and Broadway would be counted based its address)

Neighborhood/School ID# \_\_\_\_\_ UNDO Team Assessor ID#s \_\_\_\_\_

<i>Count</i>	<i>Business Type</i>	<i>Operational Definition</i>
<b>RESTAURANTS</b>		
_____	Table service restaurant	Orders are taken and delivered by a server who comes to the table. There will be menus delivered to the table or menu posted. There may also be take out food, but count any restaurant that has table service as table service.
_____	Fast food restaurant	Orders and food pick up completed at the counter or from a car. There is no table service. This includes restaurants that produce solely “carry-out” food, and may or may not have a “drive-through”.
_____	Other restaurant*	Restaurants that are not table service, but may have counter service. These are unusual, and might include a bakery that sells to go bread, a café like Starbucks, or an ice cream stand.
_____	Food cart	Mobile food truck, cart, or bicycle. These move around often.
_____	Taco stand	Semi-permanent taco stand. Larger than a food cart. Do not move around often. (e.g., burgers).
<b>FOOD STORES</b>		
_____	Supermarket	Large franchise or chain grocery store with greater than three cash registers, such as Kroger’s, Randall’s or HEB that sells foods and other household items.
_____	Grocery store	Small grocery store that sells a variety food items probably including fresh fruits and vegetables. There are three or fewer cash registers and may look like a “mom and pop” store. There are typically more food items than other types of items.
_____	Gas Station/Convenience store	Stores such as 7/11 or QT which sell limited snack foods, drinks, toiletries and may have gasoline pumps.
_____	Pharmacy	A store with a pharmacy in it which has food in at least one aisle or section. For example, most CVS’s or Walgreen’s.
<b>MONEY STORES AND SERVICES</b>		
_____	Banks/Credit Unions	A financial institution that stores and distributes money, accepts and funds loans.
_____	Pawn shop	A shop where loans are made with personal property as security.
_____	Check cashing store	Store that offers small, short-term loan without a credit check with a high interest rate.
